

**MINUTES OF COMMERCIAL RECYCLING SUBCOMMITTEE
MEETING OF DECEMBER 3, 2009**

Present: Laura Glaza, Adam Kreuzer, Bob Marcott

The subcommittee reviewed and revised the proposed application for the Glen Ellyn commercial recycling award. It was determined that the full Environmental Commission would vote to approve the awards and that if the volume of applications becomes great at any one time, then the subcommittee would conduct a pre-review and make recommendations to the Commission. It was also determined that a 6 inch by six inch award would be more visible. Discussion was had regarding the contents of the sticker award.

Prepared by Bob Marcott
