

The construction continues to have a negative impact on visits. There are no clubhouse putting greens, no driving range or restaurant facilities. However, the site is looking better each day that work can be done, and it is significantly better than in December.

Residents may purchase 2013 resident cards at the pre-season discount price through May 31 because of the construction.

#### **UPDATE ON VILLAGE LINKS FACILITY IMPROVEMENT PROJECT**

Commissioners commented on the status of the project. Commissioner Cornwell gave compliments to the video playing on the Village cable channel. The video was prepared by Village staff.

Commissioner Graham asked about the change in flooring from carpet to vinyl in the dining room. Manager Pekarek said that the product will not create a slipping situation with spikes. The entire bar and dining room will be a vinyl/wood plank product.

Commissioner Miller asked about the restaurant manager position. Manager Pekarek said that they received 180 applications, and have narrowed the candidates down to three. They have conducted interviews and are checking references. They are very closing to making an offer.

There was discussion concerning the roof leaks. The roofing company and the general contractor were walking the property today. Manager Pekarek wants the under roof sealed and water tight before the metal roof goes on.

The wet weather in April delayed the site work, leaving more work to be done in May. The remaining schedule was discussed. Manager Pekarek said that it could be four weeks to get the driving range installed, maybe a bit less if there is perfect weather. The contractor is still storing excess soil on the driving range, the berms need to be graded, and sod installed on the range. The goal is to have it done by Memorial Day.

## **ANNOUNCEMENTS AND OTHER BUSINESS**

There were no announcements. The next meeting of the Recreation Commission will be on Wednesday, May 15, 2013 at 7:30 PM at the Glen Ellyn Civic Center.

## **ADJOURNMENT:**

Commissioner Miller moved to adjourn the meeting, with Commissioner Graham seconding the motion, which was agreed to unanimously. The April 17, 2013 meeting adjourned at 7:55 PM.
