## Interoffice Memorandum

**to:** Terry Burghard, Interim Village Manager  
**from:** Jeffrey D. Perrigo, Interim Public Works Director  
**for:** February 14, 2011 - Village Board Workshop  
**subject:** 2011 Blizzard Recap  
**date:** February 09, 2011

---

The purpose of this memorandum is to alert the Village Board of my intent to provide a summarization of the events related to the blizzard that affected the Village for much of last week, and still lingers to this day. Public Works personnel are currently calculating, quantifying and analyzing the relevant data associated with the storm. The summary is not yet ready for distribution, but a hardcopy will be provided just before the workshop.

The blizzard began on Tuesday, February 1<sup>st</sup>, dropping 20-22" of snow; winds gusted in the range of 45-55 mph creating whiteout conditions and making driving treacherous. Snow drifts around the Village were as high as 6-8' in certain locations. All of this occurred in a span of about 18 hours.

This was a tremendous storm by any measure and deserves some reflection.
