Missing Person Investigation

The Glen Ellyn Police Department is searching for 21-year-old Nora Wallar who was last seen leaving her parents' home in Glen Ellyn at about 10:00 AM. Wallar has a form of autism that leaves her unable to care for herself. She may appear to be highly functioning at first contact, but she has a diminished mental capacity. Wallar wandered away from her parents' home and is described as a white female, 5'9", 250 lbs, with shoulder length straight brown hair and hazel eyes. She was wearing black "yoga" pants, a burgundy colored sweater, and purple framed glasses. She was carrying a black purse.

Anyone with information about Nora Wallar is asked to contact the Glen Ellyn Police Department at 630-469-1187.
